“Radio is like Ice Cream!”

800-522-8863 • ccrane.com

Annual Catalog 2013

A few words from Bob

**"Radio IS like ice cream" - there is a flavor for everyone.*

*Professor Michael C. Keith from Boston College is the one who coined this phrase and added "Radio is still the dominant media because it is easily available everywhere by everyone". Along with many of our great customers I have been drawn to radio like a magnet to iron and for very good reasons. Radio is sometimes the last bastion for new, diverse and intelligent ideas, though not necessarily all at once. Most of us love local radio to give us a snippet of what's going on in our community.

On the next page you will find a new "CC" Pocket radio. As a small company, it is always difficult to announce a new product when you don't have it in your warehouse. We can't be sure it will be here by the holidays but we wanted to let you know it was in the works and we are excited about it.

Notes: Please take a peek at our developing Audio division in the catalog and feel free to leave a comment on our new blog: news.ccrane.com.

Ahh... just so you know: Almost every product in our catalog is RoHS compliant (Restriction of Hazardous Materials).

This "RoHS symbol" means the product is manufactured without lead in the electronics.

A handwritten signature in black ink, appearing to read "Bob C. Crane".

Our Mission

Our mission is to find, develop and deliver items that enhance your life. As we have done for 30 years, we promise to:

- Help you make a wise purchase.
- Extend customer service beyond the sale and always make sure that we take care of you to the best of our ability. Call!

Your contribution to our company is what we revolve around.

We welcome a note about our customer service, product ideas, and things you'd like to see.

NEW! CC Pocket Radio

Great Performance, Easy to Use!

C. Crane has extensive experience with the best AM/FM Weather pocket radios. It is a welcome opportunity to have the privilege to design a new one. The CC Pocket is easy to use and has excellent performance. You are welcome to order in advance. Our desire is to have this radio available in mid-November. We will appreciate any feedback you have to offer.

Standard features:

- Built-in AM/FM/WX antennas so no additional wire antenna is needed.
- Five easy to use memory buttons for each band.
- Stands upright for nearby use and best audio.
- Rubber coated sides provide grip and protects the radio if dropped.
- Clear, precise and pleasing audio for its size.
- Maximum reception and excellent selectivity to help with overriding strong stations.
- About 75 hours of play on (2) optional AA batteries with earbuds, 25 hrs using built-in speaker.
- Voz Premium wooden earbuds included (limited time) for providing rich lows and crisp highs while listening.
- Backlight, sleep timer, clock and alarm, removable belt clip.
- Battery meter, Signal meter, stereo or mono FM reception.
- Works with rechargeable batteries.

Selectable Advance features:

- Weather Alert (disables AM/FM radio while activated).
- Five memory pages for AM/FM, 50 memories total.
- Selectable frequency or clock display while listening.
- Beep on or off.
- 1, 9 or 10 KHz selectable.
- Narrow AM filter.
- LCD Display for noise reduction.
- Factory reset control.

Size 2.5"W x 4.25H x 1" D, Weight: 4 Oz.

Item #CCPKT.....\$59.95 (Due mid-November 2012)

CCRadio-2 — AM • FM • WEATHER with 2-METER HAM

The Premium Radio Designed for Long-Range AM Reception and Emergencies!

The premium CCRadio-2 has a little better AM Reception than the previous models, and the addition of the 2-Meter Ham Band. The boost in AM performance comes from our patented Twin-Coil Ferrite AM Antenna and other improvements. Thanks to audio that's optimized for voice clarity, AM stations continue to sound just right.

The display can be adjusted to a super bright level and is sharp and easy to see. It features a full backlight and three levels of brightness and an "off" setting. The display shows the station you are on and then automatically changes to the clock after 15 seconds.

The Weather Band, with a very loud alert, can keep you informed of any NOAA alerts. The 2-Meter Ham band can make the CCRadio-2 a life saver during an emergency. 2-Meter Ham operators arrive early on the scene and donate their time while handling perhaps 90% of the emergency coordination efforts. The CCRadio-2 makes it easy to hear the vital information they share by acting like a simple radio scanner, searching five programmable memories for Ham operator communications. Sensitivity (squelch) can be adjusted for best results.

> Information about the 2-Meter Ham Band and how to become a HAM can be found at CCRadio.com/2-meter

Titanium

The CCRadio-2 comes in Black Mica and Titanium. Features include: Five memories per band (AM, FM, Weather and 2-Meter bands), adjustable display light, adjustable bass and treble, clock alarm, sleep timer, auto scan, stereo headphone jack, AUX line-in jack, and line-out jack.

Runs on included AC cord or four (optional) "D" batteries.

Size: 11" W x 6.5" H x 4" D.

Item #CC2B ... Black Mica ... \$159.95

Item #CC2T ... Titanium \$159.95

CCRadio-2 Carry Case

Custom made in the USA, it's the perfect complement to the CCRadio-2. Wraps perfectly around the radio, does not interfere with controls, and has a sturdy carrying handle. A convenient back pouch can stow your power cord and a pillow speaker.

Item #CA3 \$29.95

Gift Pack for CCRadio-2

The CCRadio-2 gift pack includes a carry case, the plush SoftSpeaker Pillow Speaker, and a handy copy of *Radio on the Road*.

Item #CC2P ... Gift Pack for CCRadio-2 (SAVE \$22) ... \$44.85

Weather Photos © Weatherstock/Warren Faidley

CC SW Pocket — AM/FM/SW

In a true testament to its quality and performance, the modestly priced CC SW Pocket has been **compared to a radio that costs over \$200.00**. The CC SW Pocket AM/FM/Shortwave Radio has exceptional AM reception and audio quality and is sensitive enough to outperform most radios in its class. And it's still small enough to tuck in your briefcase, purse or carry-on bag.

You can quickly and easily retrieve up to 200 of your favorite AM/FM and Shortwave stations in any order by simply turning the Tuning Knob — and taking advantage of a smart feature called “Favorites”. You won’t lose the stations saved in the memory when you take out the batteries.

The CC SW Pocket also has a keypad for direct access to any frequency. Features built-in speaker, alarm clock, direct key entry, stereo headphone jack, sleep timer, display light, and backstand. Includes carry pouch and lanyard. FM 70.0-108.0, AM 522-1620, (9k) / 520-1710 (10k), SW1 2300-7500, SW2 9200-22000. Runs 70 hours on two “AA” size batteries (not included). Optional AC Adapter available.
Size: 5" W x 3" H x 1.2" D.

Item #SWP \$49.95

Item #SWPP ... AC Adapter ... \$11.95

CC SW Reel Antenna

The CC SW Reel Antenna is a convenient and inexpensive way to improve the reception of any shortwave radio. 23' antenna wire. Roll up, sturdy case for portability.
Size: 4" W x 2.9" H x 0.8" D.

Item #CCSWA \$19.95

CCRadio-SW — AM/FM/SW

The CCRadio-SW is perhaps the **best radio of this size and price** because of its outstanding sensitivity, selectivity and audio performance. It comes with all the knobs and adjustments for excellent performance under various conditions. Shortwave is excellent right off the whip antenna, covering 1711 kHz to 29999 kHz. The five-inch speaker is accurate and reproduces deeper bass than most portables of similar size. It is a little more complex to learn this radio but it is rewarding.

The CCRadio-SW has a lighted, easy-to-read LCD display. A clear, straightforward manual is provided to get you started. Other features:

- RF Gain Control
- Bandwidth Control
- Bass and Treble Controls
- Fast and Slow Tuning
- 50 Memories
- Lighted Buttons
- Clock Radio with Snooze Alarm
- RCA Stereo Line Output
- Headphone Jack
- AM-RF Output for Input to Computer

Runs on four “D” batteries or four “AA” batteries (not included). Built-in charging circuit will recharge NiMH batteries inside the radio, saving you both time and money. AC Adapter and antenna connectors included. “Flip-up” carry handle. Size: 11.25" W x 7.25" H (9" H with handle) x 3.5" D.

Item #CSW \$139.95

Free!

Acrylic radio stand with purchase while supplies last!

CCRadio-SW Carry Case

Protect your CCRadio-SW with a nylon/poly carry case. Made in the USA especially for the CCRadio-SW.

Item #CSWC \$29.95

CC Solar Observer

Peace in a time of Crisis.

In an emergency, it is sometimes critical to have a radio that has good reception and that you can depend on. The CC Solar Observer is a wind-up emergency radio with AM/FM and Weather Bands. It has about as many different power options as a radio can have: Solar, Wind-up, AC power or 3 common “AA” Batteries (not included). With the solar option, the radio plays for about the same number of hours that it is exposed to full sunlight. Charges iPhone™ and other phones with included USB port adapter and a full Observer battery or by cranking.

Listen to the Observer through its built-in 2-inch speaker or headphone jack for private stereo listening. The radio is tuned by a simple needle and dial, and the display is easy to read. The display light can be turned on or off or to flashlight by the same switch.

Size: 7.25" W x 5.5" H x 2" D.

More information at ccrane.com/ccobserver

Item #COBS \$49.95

Item #OBA ... AC Adapter (optional) ... \$14.95

CC Gozo™

Best Audio for its Size.

The Gozo was specifically developed for unusually high fidelity audio in a small package. The simple design can make a cosmic blend with the AM/FM radio and your smart phone that doesn't have good audio.

It produces perhaps the best full range audio for a radio its size because of an additional passive radiator. It covers the AM and FM bands, plus it has an input jack for phones or audio device. FM, as well as AM, is superb when listening to a strong local station.

A sturdy handle/stand and precise Vernier dial complete the picture for this radio's inspirational audio.

1/8" stereo Line In, AC Adapter included or runs on six "AA" batteries (optional).

Size: 7.3" W x 4.2" H x 3.25" D.

Item #GOZO \$109.95

NEW!

*Record Internet
Radio with your
CC WiFi Radio
(page 16)*

CC Witness Plus

**DIGITAL MP3 *RECORDER*-Player
with Built-In AM/FM Radio**

The Witness Plus is compact and it records for hours. It is great as a travel radio for podcasts. If you like to exercise to music it can record from your favorite music sites on the Internet. A special feature can even detect song breaks and create individual recording tracks so you can skip to the next song when you play back your files.

The Witness Plus includes several new features like stereo microphones, CD quality (WAV) recording and a mini USB jack. For one-touch recording simply press and hold the record button to activate 1, 2, 3 or 4 hours of instant recording. It also records voice quality down to 32 kbps.

It also receives AM/FM radio with 10 presets. Comes with 2GB of onboard memory (140 hours for talk). Optional SD cards for additional memory, 20 independent recording timers, line in and built-in stereo microphones. You can copy, chop, erase, or rename your files with the powerful editing features. USB connects to PC or Mac, recharges via USB. Small built-in speakers and headphone jack. Earbuds included. Weight: 3.6 oz., Size: 2.2" W x 4: H x 0.6" D

More information at ccrane.com/witness

Item #CWTPL..... \$149.95

Item #4GB ... 4GB SD Card ... \$14.95

CC Witness Plus Accessory Kit

The New CC Witness Plus Accessory Kit includes a charging cradle to keep your Witness Plus fully charged without needing to use a computer.

It also includes an AC adapter, clear carry case w/ belt clip and an armband carry case.

The cases come in handy for hands-free listening.
(Kit is not compatible with the previous CC Witness.)

Item #PLACC \$39.95

CC Witness Plus and Accessory Kit

Save \$10.00 when you buy the Witness Plus and Accessory Kit together.

You will have all the items you need for computer use, recording, and hands-free listening.

Item #PLKIT \$179.90

Voz Stereo Microphone

Connect a Voz Stereo Microphone to your CC Witness Plus and make more professional quality recordings wherever you are. Voices and music sound like they're right there with you. When recording music or a concert on the CC Witness Plus the Voz Stereo Microphones provide full range audio. The clarity can match microphones that cost much more. With the Voz Stereo Microphone, you can keep the mics together on one clip or separate them for better stereo sound. 4-foot cord.

> Full specs online at ccrane.com/voz-microphone

Item #VSM \$29.95

CCRadio-EP

AM / FM Pure Performance

Finally, a radio company made a radio that is “just a radio”!

With no clock to set or station presets to program, and performance that's equal to the finest CCRadio, the EP could be considered a super radio. Just push the power button, tune into your favorite stations and enjoy great AM and FM!

For very weak AM stations, you can fine-tune our built-in “Twin-Coil Ferrite Antenna.” However, you do not have to adjust the TCF Knob to receive outstanding AM performance.

The radio has a wide bass and treble adjustment range for defined music and voice reproduction. A large 5-inch speaker is combined with a high-fidelity amplifier and a Music or Voice enhancement switch to give extra clarity to AM programs.

For those who live or work in a metal or concrete building, and enjoy listening to a radio, we've provided external antenna jacks.

Other features include:

- Bright Dial Light with On/Off Button
- Flip up Carry Handle
- AM/FM, FM Mono or Stereo Band Switch
- Stereo Headphone Jack
- 6V AC Adapter included, or runs on 4 “D” Batteries (opt.)
- Aux Line In

Size: 11.4" W x 7.3" H x 2.75" D.

Item #CEP \$79.95

RCR-10 Clock Radio

The RCR-10 is an affordable clock radio with good AM/FM reception and sound. The large LCD display clearly shows the time and radio station. A dimmer controls the brightness of display and lighted buttons. Two alarms can be set to radio or buzzer.

Other features include iPod dock, remote control, headphone jack, sleep timer, line in, and battery backup.

Size: 10.5" W x 3.7" H x 7.1" D.

Item #RC10 \$99.95

WR-2 Wooden Radio

A wooden cabinet and unique blend of audio frequencies make the WR-2 an excellent digital AM/FM radio. An RDS (Radio Data System) decoder displays station and program information on FM.

Features: Line-in for any MP3 player, clock with alarm, adjustable bass and treble, backlight, headphone jack, five memory presets, and remote control.

Size: 9.6" W x 4.6" H x 7.1" D.

Item #WRC \$149.95

Sangean PR-D8

The PR-D8 is a portable AM/FM radio with a built-in MP3 player and recorder. The right half of the radio is dedicated for AM and FM radio, while the left half is used to manage recording and playback. It includes a timer, and you can also use it to record from old turntables, cassette decks, or any other source through its line-input jack.

With a 2-gigabyte SD card you can record for over 60 hours at standard quality 64kbps (kilobits per second). The PR-D8 has two microphones on the front of the radio for recording voice, meetings or a concert in stereo. It also has a built-in charging circuit for 4 rechargeable NiMH or NiCad batteries (not included). Size: 9.1" W x 5.2" H x 2.1" D.

Item #PRD8 \$169.95

ATS-909X **AM/FM/SW/SSB** **Receiver**

The 909 has a long history and the new 909X model is a winner at a fair price. There are a lot of short-wave radios available but relatively few with Single

Side Band capability. Ham operators and the government still transmit emergency and other communications on SSB because the radio waves travel farther on less power. Covers AM/FM RDS/LW and Shortwave.

> More info at ccrane.com/909X

Size: 7.9" W x 5.3" H x 1.5" D.

Item #909B \$249.95

XT511 **Base Camp Radio**

Local communication can be vital. The 22 channel FRS/GMRS Base Camp Radio is a truly exceptional 2-way radio.

Transmits about 1/2 mile in the city, 20 miles line of sight. It also has AM, FM and NOAA Weather channels. AC/DC charging adapter included. Runs on four "AA" batteries (optional) or hand crank for emergency power. Three-year warranty.

Size: 7.25" W x 6.5" H x 2.75" D.

Item #XT5 \$89.95

LXT-118 Hand-Held Radios

The LXT-118 handhels are great on their own or in addition to the Midland Base Camp radio. It is compatible on all 22 GMRS and FRS radio frequencies. Stay in touch during a disaster and other duties. Requires three "AAA" batteries. Maximum range 18 miles line of sight.

Size: 2.1" W x 5.5" H x 1.5" D.

Item #118 ... Set of 2 ... \$24.95

HomePatrol Digital/Trunking Analog Scanner

This is the easiest-to-use scanner ever made. Enter your zip code and start. The price is high but worth it in our opinion. The touch screen leads you through the initial set up — no computer installation is required. You can set up your frequency lists anyway you like. Record audio up to 4 minutes per session. Exceptional audio. > More info at ccrane.com/homepatrol

Includes: Antenna, AC Adapter, car adapter, 2GB Micro SD card, desk stand, USB cable and four NiMH "AA" batteries.

Size: 5.9" W x 3.3" H x 1.5" D.

Item #UHP \$579.95

370CRS Scanner Radio

This tabletop scanner picks up police, fire and Ham, covers 25 to 950 MHz and has conventional AM and FM. The BearCat 370CRS covers NOAA emergency transmissions broadcast from AM and FM radio.

Atomic clock and alarm can be set to any time zone. Requires three "AA" batteries (not included) for backup power. AM loop antenna and AC adapter included. > More details at ccrane.com/370

Size: 8.1" W x 3.25" H x 7" D.

Item #370 \$159.95

CC Super Gainer Scanner Radio Antenna

Super charge any handheld scanner radio

The 15.75" CC Super Gainer is more responsive on all bands than any other portable antenna we have tested! It is also an excellent transmitting antenna for a portable 2-Meter Ham radio (50 Ohm/10 Watts). The BNC antenna connector is compatible with almost all handheld scanners.

Item #CG2 \$19.95

CC WiFi Radio *Quantum Leap and the Future of Radio*

Most people get a WiFi radio so they can listen to their favorite stations with perfect clarity. And with the CC WiFi, the stations are always clear, no matter how far away. To make sure your station is streaming please give us a call or go to: woodenradio.com/FindStation. Whatever your interests are, you can find 10 times or maybe 100 times more news and music with the CC WiFi than any other type of radio in the world. You can do this from any place in the world where high speed internet is available. The CC WiFi Radio has good audio for its size and it can be connected to your stereo system directly or even wirelessly by using our FM Transmitter-2 (page 23). Remote and AC Adapter included.

More detailed information can be viewed at ccrane.com/WiFi. WiFi internet radio is a computer-related product, and the nice thing about purchasing one from C. Crane is you have someone to call if you have a question. 16,000+ Stations, Pandora. Size: 6.5" W x 3.9" H x 3.9" D.

Item #CWF \$99.95 ~~\$139.95~~, save \$40.00

Grace Victoria WiFi Internet Radio

The Grace Victoria WiFi Radio allows you to listen to News, Sports or Music from around the world. Its striking wooden cabinet produces a classic warm sound. The radio has access to 17,000 free radio stations as well as other popular services like Pandora and iHeart. On the back of the radio you will find two sets of RCA type connectors, a headphone jack, and a USB port. Call or see additional services at ccrane.com/grace Size: 7.8" X 12.3" X 5.6" Weight: 8.4 Lbs.

Item #GVR \$199.95

NOTE: C. Crane is not responsible for internet radio programs or their content.

Super USB WiFi Antenna 3

***Boosts WiFi Up to 1 Mile!
Indoor/ Outdoor***

The best home, mobile, or RV WiFi Antenna just got better. The Super USB WiFi Antenna 3 plugs into your computer for powerful WiFi Internet reception. Installation is a snap and performance is outstanding. While testing it in our small town of Fortuna, California, we were able to see an additional 20 wireless networks and even connected to networks a mile away!

The Super USB 3 incorporates a water resistant design for outdoor use (IP65 Rated), along with wireless "N" technology for lightning fast file transfers with your "N" router. A special USB split cable gives you two plugs for an additional power boost. Normally, using just one of the plugs works well for powerful reception.

Mounting is easy. Suction cups are included for window mounting and a lanyard is supplied for wall or tree branch mounting. If you are trying to receive a faraway signal from outdoors, the best place for mounting is above the peak of your roof. Signals can then be received from every direction without any obstruction. Optional 30-foot USB cable is available to reach the peak of your roof. Cable-tie is included for pole mounting.

Works with Windows XP-7, MAC 10.4-10.7 compatible.
Size: 1.5" W x 9.9" L x 0.6" D.

Item #US3 \$99.95 *was \$109.95*

Item #SPC ... 30-ft USB Cable ... \$19.95

**Dramatically extend your WiFi range.

Long Range WiFi Bridge Kit

Mounting pole not included.

Comes Configured and Wired

Easy Setup - High Value

Securely beam your network and Internet connection to a second location up to 3 miles away with 504 bit encryption. This setup is the best way to connect two locations to the same router. The WiFi Bridge Kit works just like an extremely long ethernet cable, but over the air. This kit is very simple to set up.

It comes configured and wired by C. Crane so there are no settings to adjust or software to install. Just attach a WiFi antenna (sold separately) to each half of the bridge, at each location, and plug it in. Good line of sight without

obstructions must be achieved between both antennas for best reception. Kit includes; (2) bridges, (2) 50-ft. ethernet cables, (2) AC power adapters with (2) 5-ft. ethernet cables for power injection to bridge.

Internet connection and two antennas required, sold separately.

C. Crane offers 3 compatible 2.4 GHz antennas listed below and on the top of the next page (**A**, **B**, or **C**).

More detailed information can be viewed at ccrane.com/WiFi.

Item #WBK \$249.95

8dBi WiFi Antenna

WiFi up to 3/4 Miles!

Powerful, rugged, and weatherproof, the 8dBi WiFi Antenna is the perfect choice for significantly boosting your WiFi reception in all directions. A cast-aluminum bracket mounts to a flat surface or a 1/2" to 2" pipe. Works great with the WiFi Bridge Kit.

This antenna can be used for other purposes. Additional fittings and cable may be required.

Size: 1" W x 22" H.

Item #8DB \$24.95

More detailed information can be viewed at ccrane.com/WiFi.

B

14dBi WiFi Antenna

WiFi up to 2 Miles!

Whether you put it in a window or mount it outdoors this directional 14dBi antenna will give you a WiFi signal boost up to 15 times more powerful than a standard router antenna.

Mounts to a 1/2" to 2" pipe. (Not included.)

Works great with the WiFi Bridge Kit.

This antenna can be used for other purposes.

Additional fittings and cable may be required.

Size: 7" W x 8" H x 2" D.

Item #14DBI \$34.95

Point to Point WiFi Antenna

WiFi up to 3 Miles!

This 15dBi antenna is the best we've tested for long distances. In our tests, it provided a much stronger signal than others claiming more range. Mounts to a 1/2" to 2" pipe.

Works great with the WiFi Bridge Kit.

This antenna can be used for other purposes. Additional fittings and cable may be required.

Size: 11.8" H x 15.7" W.

C

Mounting pole not included.

Item #PTP \$39.95

Versa WiFi USB Adapter II

When used alone the Versa WiFi USB Adapter II works very well to improve your laptop or desktop computers reception.

By adding a larger antenna (sold separately) you can potentially get WiFi for miles. For the biggest boost in range, attach a Point-to-Point antenna for WiFi reception up to about 3 miles. You will need additional cable for connecting two larger outdoor antennas. Please see web for more information and cabling options. Works with Windows XP-7, MAC 10.4-10.5 compatible.

Size: 1" W x 3.8" L x 0.4" D.

Item #WF2 \$29.95

More detailed information can be viewed at ccrane.com/WiFi.

Voz Headphones

The Voz are good-sounding headphones at an affordable price. They have very good bass response for music and they are accurate when listening to talk radio. They are better than a similar pair you might find at a big box store and almost as good as a \$40.00 pair. Adjustable headband, large ear cushions, 7-foot cord.

Item #VHP1 \$14.95

Item #VHPK ... 3 for \$34.95

Voz-P Premium Wooden Earbuds

Experience incredible audio quality and comfort with premium earbuds. The Voz-P can handle everything from full, rich bass tones to bright, shimmering highs. Excellent for voice and music listening. The rubber earpads provide superior external noise isolation and are soft enough to be enjoyed for hours. > More info at centerpointaudio.com

Three sizes of earpads and carry case included. 5.75-foot tangle-resistant cord. Size: 0.9" L x 0.5" Dia.

Item #PWE \$19.95

Voz Earbuds

Nothing fancy here, but make no mistake, these no-frills earbuds are some of the **best we tested**. They're an inexpensive upgrade for any portable audio player. Enjoy the richness of every note and the clarity of full stereo sound. We expect these earbuds to get a lot of use, so we include four extra ear cushions with every order. 1/8" stereo plug. 4-foot cord.

Item #BWC \$9.95

“Finally, there is a pillow speaker that sounds great.”

**— Steve Kruschen,
Mr. Gadget**

SoftSpeaker™ Pillow Speaker

This pillow speaker has saved a marriage or two ...

We designed the high-quality SoftSpeaker pillow speaker with privacy in mind. Plug it into the headphone jack of any radio, put the speaker on your pillow (or under it), and enjoy perhaps the highest music and voice fidelity available. We encased the speaker in soft padded foam and put it in a teddy-bear soft cover. It's so plush you can rest your ear right on it. The SoftSpeaker offers the perfect combination of comfort, privacy and quality.

Its durable, high-flex cord and removable, washable cover help ensure longevity.

Item #PS2 ... SoftSpeaker \$19.95

High Flex Cord

SoftSpeaker-2™ Pillow Speaker

We also offer the same Softspeaker with an in-line volume control built into the cord. Now you can use the wheel on the cord to control the volume coming through the speaker without having to adjust the volume on your radio or audio device.

Item #SSV ... SoftSpeaker-2 \$22.95

*Volume Control
for SoftSpeaker-2*

Common Features:

- Frequency response: 20 Hz to 20,000 Hz.
- Speaker type: Neodymium-Ferrous-Boron (Rare Earth Magnet).
- One-year Warranty.

(Pat. #US D466,886 S) Size: 2" Dia., 6.5-foot cord with 1/8" jack.

FM Transmitter 2

***Send broadcast quality audio from your mobile phone,
or any audio device to any nearby FM radio!***

The FM Transmitter-2 uses common FM radio waves to send sound from any device you choose to any nearby FM radio or stereo system. The only wire you have to connect is from the FM Transmitter-2 to a headphone jack. You can use it with your iPhone, WiFi internet radio and or satellite radio. It has a thumbwheel that allows you to adjust the input for perfect audio quality and a two-level LED indicator to help set optimal signal level. It broadcasts clean, very high fidelity stereo audio. Maximum distance is about 45 feet line of sight with no obstructions*.

AC adapter included, or runs on two "AA" batteries (not included). FCC compliant. Choose any FM frequency between 88.3 MHz and 107.7 MHz. Portable, fits in the palm of your hand. Size: 3" W x 3.5" H x 1" D.

Item #FM2 \$ 59.95

*Broadcast distance will vary depending on your location. > For more information see FAQs at ccrane.com/transmitter

Headband Speakers

The SleepPhones headband speakers are physician designed for comfort. Just plug the 4-foot cord into the headphone jack of any radio or portable player and enjoy great stereo sound. It's also great for jogging and exercise.
6-month warranty.

Item #SPB ... Black \$39.95

Over The Earphone

The Over The Earphone speaker looks unusual but it is comfortable, durable, and has good voice audio quality. We have some law enforcement and news program listeners who use it for steadfast listening where good comfort is a concern, along with still being able to hear accurately when someone talks. Stereo tipped plug.

Size: 1.8" W x 2.8" H x 0.5" D. 5-foot cord.

Item #OTE \$9.95

Crystal Earphones

These are some of the highest quality ear plugs available. Smaller size is preferable for those with smaller ears. We suggest you try one of each. Stereo tipped plug. 6-foot cord.

Item #SCE ... Small \$3.95

Item #LEP Large \$5.95

Item #EKI One Of Each ... \$7.95

Standard Pillow Speaker

Our standard pillow speaker has good audio quality and is loud. The cord resists breakage longer than most. 90-day warranty. 6-foot cord. Stereo tipped plug. Size: 3.3" W x 3.5" H x 1" D.

Item #PSS \$7.95

Worktunes

— Ear Protection with Audio

Mow the lawn, listen to the radio and keep the background noise down to a whisper (22 Decibels). Use the digital AM/FM radio or plug your MP3 player into the audio-in jack. Adjustable headband, 10 memories, patchcord included but not the two "AA" batteries.

Assembled in the US.

Size: 5.5" W x 9.75" H x 3.9" D.

Item #PDT \$79.95

Radio On The Road

— A Travel Essential

Still the best printed travel reference for stations though it was published several years ago. Listings for over 15,000 AM and FM stations in the US help you easily locate talk shows, sports, NPR, and much more. Eighth edition, Pub. 2006, 283 pages.

Item #ROR \$ 16.95

AM Radio Turntable

The AM Radio Turntable makes it easy to improve your radio reception just by turning your radio on its axis. That's because the AM antenna inside your radio is directional. Size: 10" Dia.

Item #AMT \$14.95

In-Line Volume Control Extension Cable

Plug any listening device into this In-Line Volume Control and adjust the volume without having to reach for your radio, MP3 player or other audio gear. Length: 51", 1/8" stereo plug.

Item #VCC \$7.95

Sangean PR-D9W

The Sangean PR-D9W is perfect for those looking for a small, portable AM/FM/WX radio with good AM reception and sound quality for its size.

Radio also includes: 19 sequential memory presets, dual alarm, sleep timer, stereo headphone jack, NiMH charger and lock-switch.

Operates on AC adapter (included)

or four (optional) "AA" alkaline or NiMH batteries.

Size: 6.3" W x 4.2" H x 1.6" D.

Item #PRD9W \$79.95

DAR-101 Recorder

This is a digital MP3 recorder/player that works similar to a classic tape recorder. It's easy to use and has a nice pop-up and tilt LCD display. The DAR-101 can record from just about any music, radio or audio-making device.

Telephone patch cable included. Recording patchcord not included (see below).

Requires SD card for recording.

Size: 7.1" W x 2" H x 5.2" D.

Item #4GB ... 4GB SD Card ... \$14.95

Kaito KA-33 Shortwave Active Loop Antenna

This loop antenna enhances the shortwave reception of any desktop or portable radio. Attach to a 1/8" ANT jack or clip to your radio's existing antenna. 3.9-22 MHz frequency coverage. 15-foot feed line. Requires two "AAA" batteries (not included). Tuner

Size: 1" W x 3" L x 0.5" D.

Loop Size: 22.5" W x 27" W.

Item #KP2 \$54.95

Twin Coil Ferrite® AM Antenna

The Twin Coil Ferrite AM Antenna is a good solution to most AM radio reception problems. No matter what kind of radio you're using, the Twin Coil Ferrite can double your daytime reception, reduce 90% of the nighttime fade out, and help reduce static and distortion. You can connect the Twin Coil Ferrite AM Antenna to your radio to hear distant stations with amazing clarity. Designed to work with everything from portable radios without antenna connectors to home stereos with wire terminals. The basic Twin Coil Ferrite package comes with five feet of cable to connect the antenna to the radio. We also offer 25-foot and 50-foot extension cable kits (see below).

This antenna is ideal for boosting AM radio reception in brick, stucco, or metal-sided homes. Runs on included AC Adapter or optional 9 Volt battery.

Tuner Size: 3.25" W x 4.3" H x 1.4" D.

Antenna Element Size: 8.6" W x 2.5" H x 1.5" D.

(Pat. #US 6,529,169 B2)

For stucco, metal or brick buildings, or buildings with noise and interference, the Antenna Element can be placed in a window or outside in a covered area for best reception.

Item #TCA ... Twin Coil Ferrite AM Antenna & 5 ft of cable ... \$99.95

Item #J25 Optional 25-Foot Extension Kit \$19.95

Item #J50 Optional 50-Foot Extension Kit \$29.95

Terk AM Antenna

When you want better AM reception, but also want an AM Antenna with some style points, this is a great choice. The Terk comes with wires so you can connect it directly to your stereo or radio. You can also use it without the wires, and improve your AM reception just by setting the antenna near your AM radio (through a process called inductive coupling). The Terk AM Antenna outperforms any of the smaller antennas included with a home stereo system. Size: 9.5" high.

Item #TR1 \$44.95

Have static on your AM radio? > Please visit ccrane.com/radionoise for more information. Also, check page 27 for the Twin Coil Ferrite AM Antenna by C. Crane

Amplified Indoor TV Antenna for **HD** **UHF/VHF/FM**

This Amplified Antenna outperformed the several models we tested including HD antennas — by a good margin. The unique combination of adjustable twin telescopic and circular antennas picks up UHF, VHF, and FM broadcast stations with impressive clarity. It also makes an excellent backup antenna for when your cable or satellite system goes out. 60-day warranty. Size: Base 7.1" W x 11" H x 5.4" D. 32" Elements.

Item #TVA \$29.95

FM Reflect Antenna

***Our best
indoor FM Antenna
works wonders with
HD Radio***

A quick and easy way to improve the FM reception of your portable radio or stereo receiver is with an affordable FM Reflect Antenna. The FM Reflect can be bent and shaped to get the best reception from the circular polarization now used by many FM stations. If you've made the leap to HD radio, the FM Reflect is also one of the few antennas that tested well with the new digital signal.

Now for the technical part: Compared to other indoor FM antennas, the FM Reflect achieves a high signal-to-noise ratio and is less susceptible to interference from surrounding objects and people. The dipole design is more powerful than a standard dipole antenna and delivers maximum gain across the entire FM broadcast band.

Size: 54" all-copper element with an 8-foot feed line. Comes with "F" connector, balun spade connector and alligator clip.

Item #FMW \$34.95

GeoBulb-3™ LED Light Bulb

Save up to \$50 a Year in Electricity Costs compared to a 50 Watt Incandescent Bulb (when using 24/7).

GeoBulbs are constructed of advanced, high temperature rated, long lasting parts. Most other LED bulbs do not use these types of parts and, as a result, their total rated life is less than a GeoBulb. The GeoBulb, with a rated life of 50,000 hours, lasts 50X longer than incandescent bulbs and has a Five-Year Warranty. The light output, in a downward direction, is similar to a 50 Watt incandescent bulb. It will appear brighter to most people because of the directional nature of its light output.

The GeoBulb has a constant light output and the heat is controlled by the physical design. The light output is not compromised, the color is consistent and never yellows with age. The Soft White GeoBulb circuit is designed to run the LEDs at a “sweet spot” that produces 460 lumens of light per watt while running relatively cool. However, the GeoBulb should not be used in an enclosed fixture because heat may reduce longevity.

Benefits

With many thousands of GeoBulbs in service for as long as four years, the failure rate so far is less than 1 in 1000. When compared to other home energy saving efforts, using the GeoBulb is perhaps the easiest and most rewarding way to save energy and money. You don't have to change GeoBulbs as often or worry about disposal. Same size as incandescent bulbs. Non Dimmable.

> For our full line of LED bulbs go to <http://www.ccrane.com/lights/led-light-bulbs/>

GeoBulb™ Under Cabinet Light Bar II

Simple Installation

The GeoBulb Light Bars are **only 1/2-inch thick**. They use very little power and can be installed with just a screw driver or some double-sided tape (included). Once installed, you'll notice they give off very little heat and each Cool White light bar puts out more light than a 15-watt incandescent light bulb and is even brighter.

Each 12-inch bar has six LEDs. An under cabinet On/Off switch is included with the AC Adapter. The clear lens cleans easily. Additional Light Bars can be purchased separately. Connect up to 11 light bars on one 12V Adapter.

We use the same high-brightness LEDs you'll find in GeoBulb LED Light Bulbs, so you'll get a great combination of energy efficiency and longevity. The GeoBulb Light Bars are lead and mercury free and rated for 50,000 hours. Uses only 2.4 watts of power per light bar.

Five-Year Warranty.

> More information available at ccrane.com/GeoBulb-light-bar

Light Bar Size: 0.56" H x 12" L.

Unity Plus LED Flashlight

Available Mid-November

The Unity Plus directs an adjustable beam up to 100 yards on a single 3-Watt LED bulb. On a set of (3) "C" batteries you will get about 4 hours of continuous use on the high setting. You get about 22 hours on the low setting. Also has a strobe setting. Batteries not incl.

Size: 9" L x 1.1" Dia.

Item #UPLF \$ 29.95

Power Vivid® Pocket Flashlight

This Hi-Bright "fits in your palm" flashlight is lightweight and delivers an intense white beam of light. Features include a durable aluminum housing, detachable keychain lanyard, it's waterproof and has a push button on/off switch. One really bright LED makes it perfect to take anywhere. Runs on one "AA" battery (not included). Size: 3.7" L x 0.8" Dia.

Item #PVF \$5.95

White LED Magna-Lite Reader

Batteries last four times longer and you get about **twice the light!** LEDs make the Magna-Lite Reader the ideal tool for detail. Runs about 24 hours on four "AA" batteries (included). The LED bulb is guaranteed for life. Made in USA. Main Lens is 2X power with a 4X insert. Size: Lens 3.8" Dia. Handle 1.5" W x 9" L.

Item #MLR \$ 39.95

CC Lantern

Wind-Up LED Lantern

Just pull the lantern out of its self-storing body and choose between 9 and 15 bright white LEDs to light your way. This excellent compact lantern makes it perfect for camping, hunting, or keeping in a calamity kit for natural disasters. Includes a siren too.

All adapters and cables are included for charging the lantern using a USB port or 12 Volt adapter. Also, you can charge your mobile phone using the lantern's USB port or the 12V socket USB adapter in your car. Charges most phone models, including Android™ and BlackBerry™, but not iPhone™. ☹

Size: 4.2" W x 9" H x 4.5" D.

Collapsed size: 6.1" H.

Item #DLL \$49.95

The CC Spot

Super Efficient LED = More Light, Fewer Batteries

Finally, an LED spotlight that puts out plenty of light using common batteries. The new CC Spot is a small, light-weight spotlight with three lighting modes, high, low and flash.

The super-efficient LED gives 25 hours of light on high beam with a beam distance of over 500 feet from the multi-faceted reflector. On low beam you'll get 175 hours of light. Rubberized, high impact ABS plastic allow no worries of damage from being dropped. This spotlight is incredibly durable. Wrist lanyard and shoulder strap included. Runs on three "C" Alkaline batteries (not included). O-ring sealed and water resistant IPX4.

3-year limited warranty by C. Crane. On/Off lock. 155 lumens.

Size: 5.9" W x 5.6" H x 3" D.

Item #SPOT \$49.95

CHARGERS & BATTERIES

Nickel Metal Hydride Batteries

Heavy battery users now have a fantastic money saving choice. NiMH batteries can have more power than even alkaline

batteries, can be recharged or topped off anytime, and don't have the same "memory effect" as NiCads. All rechargeable batteries self discharge about 10% of their energy a month. Can be recharged about 500 times and last for years. Colors may vary.

Item #NHA ... "AA" size (2500mAh) **\$2.95 each**

Item #N3A "AAA" size (1000mAh) ... **\$2.95 each**

Item #NC "C" size (5000mAh) \$9.95 each

Item #ND "D" size (10000mAh) \$14.95 each

NOTE: It is best to charge and discharge all makes and models of NiMH batteries several times a year to obtain maximum performance.

Solar Battery Charger

Let the sun charge your batteries. This solar charger recharges two NiMH or NiCad batteries of the same type and size ("D", "C", "AA", "AAA" and Prismatic). It puts out about 150mah and about 5 volts. Many other solar battery chargers we tested were unsuitable because their voltage was too low.

Size: 6.8" W x 4.5" H x 2.3" D.

Item #SBC \$ 24.95

Bulk Alkaline Batteries

Our alkaline batteries have the same power as the big name batteries, but at a fraction of a convenience store price.

Please call or see our website: ccrane.com/batteries

CC Quick Charger-2

The CC Quick Charger-2 can be a great investment. With the Quick Charger-2, one set of batteries can be charging while another set is in use. This means no more last minute trips to the grocery store for high priced batteries. You can recharge NiMH batteries about 500 times and they last for years.

The Quick Charger can charge any combination of up to four “AA”, “AAA”, “C”, or “D” or two 9-volt NiMH batteries at one time.

How it Works:

The Quick Charger has a micro-controller that monitors the charging status of each battery and adjusts the charging rate individually. It automatically shuts off at the right time so there’s no need to worry about overcharging. It is really easy.

A USB charging port is included for all of your USB devices, using your USB patch cord.

In case of power failure, an optional 12V DC car adapter is also available. It can power the Quick Charger in your vehicle or RV.

100-240V AC Adapter is included. Batteries not included.
Size: 6.8" W x 2.7" H x 5.3" D.

Item #QC2 \$39.95

Item #QCCA ... 12V DC Car Adapter ... \$7.95

CC Quick Charger-2 + Accessory Kit

Save \$9.75 when you buy the CC Quick Charger-2, the 12V DC Car Adapter and four “AA” Nickel Metal Hydride Batteries together.

Item #QCKT \$49.95

CUSTOMER SERVICE

If an item proves to be unsatisfactory within 60 days of receipt, you may return it to us for a full refund or credit toward other products, minus the original shipping charges. Please call for a **Return Authorization** number before returning an item. Returned products, original cartons and manuals must be in "as new" condition for a full refund. A reasonable deduction will be made for any damaged or missing items. Please keep the catalog. Be sure to carefully pack and **insure** your return. (Shipping charges are non-refundable.)

The only way to get on our mail list for future catalogs is for you to ask. You can call us at 800-522-8863 or update your address online at ccrane.com/address-update

WARRANTIES

All of our products come with their full manufacturer's warranty; usually one year parts and labor, unless noted. If you have a problem with one of our C. Crane products, please call for a **Return Authorization** number before returning an item for service. When we know what's coming back and what's wrong, we can process your return more efficiently. Please carefully pack and **insure** any item you send in for service to protect your investment.

PRIVACY POLICY

We do not release any information about you without your permission.

Our next catalog, #24, will mail in early October 2013. If you or a friend would like to receive a new catalog, please let us know. Thank you for your support.

BARGAINS ON RETURNED ITEMS

Because we offer our satisfaction guarantee, we sometimes have merchandise available at about 10% off our prices. The only flaw is usually wrinkled packing material. Each item is **carefully checked out and thoroughly cleaned. Full factory warranty is still in effect.** Our 60-day satisfaction policy still applies! Give us a call to find out what is available or check out our website for these "orphaned" items at ccrane.com. We invite you to sign up for our free weekly email notification of available returned items, new products, and special sale offers at ccrane.com/subscribe

Unless we have an unusual circumstance or error, our prices and shipping costs are good through April 2013. Since it is hard to guarantee prices for a full year, there may be some changes after that.

SPECIAL SERVICES

Thank you for sending so many letters and emails about our products and services. Most of the letters are in praise and we distribute them around the departments to show everyone that we are doing a good job. We take care of each customer to the best of our ability and strive for excellence. I still want to hear your story about experiences with C. Crane, good or bad, that you care to write about. Your input becomes our plan for change so we can improve our services and build your trust

Thank you!
Robert C. Crane

REPAIR SERVICE

We are only able to repair out of warranty products that are manufactured by C. Crane: Expect 3-8 weeks for repairs. Call to set up a repair order before sending us an item to repair. Most repairs are \$59.95. Charges may vary. A check or credit card number **must** accompany the insured product for repair. Please include contact information, should we need to contact you regarding the repair. **Please remove all batteries and power cord before sending repairs.** Our repairs are warranted for one year. For repair service, call us at 800-522-8863.

For all other products, please call the manufacturer for repair information.

GIFT CERTIFICATES

C. Crane's gift certificates are the perfect solution for any special occasion.

They make it easy to please just about anyone on your list.

They're available in any amount and **never expire**. Be sure to include your address and the name and address of the recipient. Any refund will be issued in the form of an additional gift certificate. Call us at 800-522-8863 or visit ccrane.com/gifts
